

BROOKLYN OPTICA
LINDA LOCHNER OPTOMETRISTS

FREE SCHOOL SCREENINGS

Brooklyn Optica will be doing free school visual screenings during March and April 2018 for children up to the age of 13. Assessing the child's visual skills early in his or her school career is crucial for academic development and education.

Screening determines problem areas that might need further investigation, in which case we will recommend a comprehensive visual examination.

A SCHOOL SCREENING INVOLVES:

1. Evaluating the visual acuity at distance and near.
2. Evaluating the ability to focus smoothly between distance and near.
3. Checking of eye "teaming"-coordination between the two eyes.
4. Testing the eye movements in all directions of gaze.
5. Approximation of refractive error.
6. Depth perception, distance and near.
7. Colour vision.

At Brooklyn Optica we believe that less than 10% of young school children should be in need of spectacles. Should one or both parents have significant prescriptions, the risk may increase slightly. ***Please inform our receptionist when booking the appointment, that it is for a "SCHOOL SCREENING".**

BOOK YOUR SCREENING NOW!

TWO DAYS LEFT TO ENTER!!

Win a Seiko watch worth R10 000, his & hers prescription frames & lenses (worth at least R10 000) or sunglasses (worth R2500)! Entry forms available on [www.brooklynoptica.co.za](#) and in-store. Getting a bit lost when visiting our new store?

1. Underground parking entrance is in 18th street, right below 'Die Klubhuis' main entrance.
2. Simply locate the lift entrance, located on your left as you enter the parking garage (buzz us and we'll let you in).
3. Take the elevator to the ground floor, exit the foyer through the glass doors and you will find our entrance to your right hand side, on the outside of the building.
